INDEX TO VOLUME 1

Entries in **heavy type** *refer to Special Contributions. The figures after each entry are the serial numbers of individual items; page numbers are not used in the Index*

A

ABERCROMBIE, M. & JOHNSON, M. L.: Outwanderings of cells in tissue cultures of nerves undergoing Wallerian degeneration, 132
Acridines, as surface antiseptics, present status, 56
—— in wound therapy, 48, 57
Acriflavine, as surface antiseptic, present status, 56
ADAMS, W. E.: Blood supply of nerves: I. Historical review. II. Effects of exclusion of its regional sources of supply on sciatic nerve of rabbit, 139
Aerosols, impregnated with influenza virus, 66, 67
Agglutinins and agglutinogens in stored blood, 94
Air, bacteriological observations, 30
—— disinfection with hypochlorites, 30
ALBERT, A.: Chemistry and physics of antiseptics in relation to mode of action, 49
ALEXANDER, G. L.: *see* WATT, A. C. & ALEXANDER, G. L., 55
Amnioplastin, in treatment of peripheral nerve injuries, 120
Anæmia, hæmolytic, chronic, blood transfusion in, 89
—— —— familial, and erythrocyte fragility, 90
—— —— familial, survival of erythrocytes transfused to patients suffering from, 88
—— pernicious, liver therapy in, 10
Anæsthesia, endotracheal, laryngoscope for, 111
ANDERSON, T. E.: Jaundice in syphilitics, 186
ANDERSON, W. F.: Motility of fasting stomach in health and disease, 169
ANDREWES, C. H.: Thoughts on the origin of influenza epidemics, 65
Angina, Vincent's, ætiology and treatment, 104
Antileucocidin, and acute staphylococcal infection, 82
Antiseptics, biological, in treatment of wounds, 48
—— chemistry and physics, 49
—— in treatment of wounds, recent advances, 48
—— methods of application, 48
Aorta, atheroma, in essential hypertension, 195
—— hypoplasic, and "status lymphaticus," 19
Ariboflavinosis, 16, 33
Arsenicals, jaundice following administration of, 177, 184, 185, 186, 187
Arteries, renal, atherosclerosis in essential hypertension, 195
—— spasm, experimental, 3
Arteriosclerosis and old age, 176
Ascorbic acid: *see* Vitamin C
Atebrin, in treatment of lambliasis, 22
Atmospheric pressure, effect of changes on Eustachian tube, 60
Atropine, influence on heart block, 2
Aviation pressure deafness, relief of, 60

B

Bacillus tuberculosis, culture, slide method, 146
BACON, J. S. D.: *see* MACRAE, T. F., HUTCHINSON, J. D. C. *et al.*, 36
Bacteria, anærobic, culture in air, iron media for, 147
Bacteriological methods, recent work on, 144
Bacteriology and Immunology, 20, 21, 22, 23, 24, 25, 28, 29, 30, 31, 32
—— recent advances in, 144
Bacterium paratyphosum B, typing with Vi bacteriophage, 149, 150
—— *typhosum*, type D4, endemicity, 70
—— —— typing with Vi bacteriophage, 69
Bagassosis, 62
Barbiturates, in treatment of acute war neuroses, 38
BARCLAY, A. E., FRANKLIN, K. J. & PRICHARD, M. M. L.: Further data on circulation and cardio-vascular system before and just after birth, 1
BARNES, J. M. & TRUETA, J.: Arterial spasm, 3
BARRETT, J. F.: Absorption and excretion of oxalate, 194
BEARCROFT, W. G. C.: *see* VAN ROOYEN, C. E. & BEARCROFT, W. G. C., 151
BEATTIE, J. & COLLARD, H. B.: Plasma protein concentration after hæmorrhage, 6
BELL, G. H., LAZARUS, S., MUNRO, H. N. & SCARBOROUGH, H.: Capillary fragility (resistance): negative- and positive-pressure test compared, 7
BENTLEY, J. P.: *see* MOSLEY, G. H. & BENTLEY, J. P., 58
BERLINER, F.: *see* MAYER-GROSS, W. & BERLINER, F., 12
BIGGER, J. W.: Jaundice in syphilitics under treatment: possible transmission of a virus, 184
Bile, cholesterol concentration, effect of diet on, 192
—— control of flow of, 191
—— duct, sphincteric control of, 191
Blackwater fever, erythrocytes in, 91
Bladder tumours, epithelial, induced by beta-naphthylamine, 153
Blast, low-pressure phase, effect on lungs, 46
Blindness in Great Britain, 160
—— in Scotland, statistical analysis, 161
BLOCH, E.: Postvaccinal eruptions, 23
Blood banks and stored blood, 83
—— cholesterol concentration, effect of diet on, 192
—— grouping, recent work on, 83
—— groups, determination of, 84
—— —— *see also* Rh factor
—— pH, effect on hæmolysis, 91
—— plasma, stored, opsonic power, 95
—— —— transfusion, recent work in Great Britain, 83
—— pressure and old age, 176
—— —— high: *see* Hypertension
—— serum, circulatory overloading following rapid intravenous injections, 5
Blood serum, injected, retention in circulation, 4
—— —— transfusion in treatment of nephrotic syndrome, 196
—— stored, coagulation mechanism, 94
—— —— complement, iso-agglutinins and agglutinogens, 94
—— —— fate of leucocytes in, 94
—— —— methods and apparatus, 94
—— —— oxygen capacity of, 94
—— —— phagocytosis, 95
—— —— phagocytosis, effect of drugs and pH on, 94
—— sugar, relation to temperature changes in induced hypoglycæmia, 12
—— transfusion and the Rh factor, 8
—— —— circulatory overloading after, 5
—— —— destruction of incompatible blood, 86
—— —— effect on capillary resistance, 94
—— —— effect on plasma protein concentration after hæmorrhage, 6
—— —— in familial hæmolytic anæmia, 88
—— —— in nocturnal hæmoglobinuria, 89
—— —— jaundice following, 181, 182
—— —— methods and apparatus, 94
—— —— reactions, hæmolytic, 86
—— —— **recent work in Great Britain, 83**
—— —— value in bleeding peptic ulcers, 173
—— —— volume and rate of, 83
—— volume, effect of hæmorrhage on, 6
—— —— effect of serum injection on, 4, 5, 6
Body temperature and hypoglycæmia, 12
Bone, dysplasia, effect on cranial nerves in vitamin A deficiency, 97
—— growth, influence of vitamin A deficiency on, 97
—— regeneration, role of ascorbic acid in, 17
BONSER, G. M.: Epithelial tumours of bladder in dogs induced by pure beta-naphthylamine, 153
BOORMAN, K. E., DODD, B. E. & MOLLISON, P. L.: Clinical significance of the Rh factor, 8
BOURDILLON, R. B.: *see* EDWARD, D. G. F., LUSH, D. & BOURDILLON, R. B., 67
BOURNE, G. H.: Effect of ascorbic acid (vitamin C), calcium ascorbate, and calcium gluconate on regeneration of bone in rats, 17
—— Vitamin C and repair of injured tissues, 18
BOYD, J. S. K. & MACLENNAN, J. D.: Tetanus in the Middle East—effects of active immunisation, 81
BRADLEY, W. H.: Endemiological study of *Bact. typhosum* type D4, 70
Brain injury, emotional and cognitive changes following, 39
—— —— headache after, 40
—— tumours, metastatic, 152
BRAMWELL, C.: Signs simulating those of mitral stenosis, 174
Bread, dephytinized, mineral metabolism on, 14, 15
—— wheatmeal, digestibility, 37
—— white and brown, comparison of effects on mineral metabolism, 14, 15
—— wholemeal, and white, comparative digestibility, 36
—— digestibility, effect of degree of fineness of grinding on, 36
Breast, carcinoma, value of post-operative radiotherapy in, 157
BROCK, R. C.: Use of silver nitrate in production of aseptic obliterative pleuritis, 44
BROWN, H., GRAY, C. H. & MOLLISON, P. L.: Treatment of the nephrotic syndrome with serum transfusions, 196
BROWNING, C. H.: Present status of aminoacridine compounds (flavines) as surface antiseptics, 56
Burns, effect of sulphonamides applied locally, 52
—— treatment with propamidine, 58
BUTLER, E. C. B. & VALENTINE, F. C. O.: Further observations on acute staphylococcal infection, 82
BUTTLE, G. A. H.: *see* MITCHELL, G. A. G. & BUTTLE, G. A. H., 57

C

CADNESS-GRAVES, B., WILLIAMS, R., HARPER, G. J. & MILES, A. A.: Slide-test for coagulase-positive staphylococci, 148
CAIRNEY, H. G., STEWART, M. & SMITH, H.: Evacuation unit for diabetic children, 110
Calcium absorption, effect of phytic acid on, 14, 15
—— ascorbate, role in bone regeneration, 17
—— combination with oxalates in foods, 194
—— gluconate, role in bone regeneration, 17
—— metabolism, 98
—— —— effect of protein intake on, 99
CALDWELL, W. A. & HARDWICK, S. W.: Observations on Flexner dysentery, 71
CALLOW, B. R.: *see* FELIX, A. & CALLOW, B. R., 149
CAMERON, J. D. S.: Infective hepatitis, 180
CAMM, G. L.: *see* HARPER, A. A., MACKAY, I. F. S. *et al.*, 101
Cancer Act, 1939, 26
—— and radiotherapy, 152, 154, 155, 156, 157
—— experimental work on, 152, 153
—— treatment of, special centres for, 26
Capillaries, fragility, measurement of, 7
Carcinogenesis, experimental, 152
Cardiovascular disease in diabetics, 175
—— system, 1, 2, 3, 174, 175, 176
—— —— before and after birth, 1
CASTLEDEN, L. I. M. and HAMILTON-PATERSON, J. L.: Bagassosis: an industrial lung disease, 62
Cerebro-macular disease, anomalous forms, 162
Cerebrospinal fever, complications in, 24
—— —— treatment with sulphapyridine, 74
CHALLINOR, S. W.: Bacteriological observations on air of occupied premises: I. Air disinfection with hypochlorites, 30
Chemotherapy, local, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59
Children, diabetic, evacuation arrangements in war-time, 110
—— infectious diseases of, influence of social conditions on, 73
—— rheumatic, 77
"Chocolate"-starch medium for type differentiation of *C. diphtheriæ*, 145
Cholesterol concentration in blood and bile, effect of diet on, 192
Chorea, relation to rheumatism in children, 77
Cineradiography, in study of pre- and post-natal circulation, 1
Circulation, before and after birth, 1
—— effect of injected serum in, 4, 5
—— fœtal, 1
Civilians, vitamin C nutrition among, in war-time, 34
CLAPHAM, B.: *see* KORENCHEVSKY, V., HALL, K. & CLAPHAM, B., 102
CLARK, W. E. LE GROS: Problem of neuronal regeneration in the central nervous system: I. Influence of spinal ganglia and nerve fragments grafted into the brain. II. Insertion of peripheral nerve stumps into the brain, 140
CLAYTON, T. M.: Treatment of scabies by T.E.T.M.S., 78
Clostridia, specific identification, 79
—— wound infection by, diagnosis of, 80
Coagulase, presence of, in classifying staphylococci, 148
Cognitive changes in post-traumatic confusional state, 39
Collagen fibres, and ascorbic acid, 17, 18
COLLARD, H. B.: *see* BEATTIE, J. & COLLARD, H. B., 6
Coma, induced by insulin, 12
Confusion, post-traumatic, emotional and cognitive changes in, 39
Conjunctivitis, phlyctenular, ætiology, 163
Convulsion therapy, for acute war neuroses, 38
Convulsions, induced, occurrence of grasping reflex after, 13
Cornea, circumcorneal injection as sign of riboflavin deficiency, 16
—— lesions, avascular healing, 166
—— ulcers, experimental, chemotherapy of, 164
Corynebacterium diphtheriæ, diagnosis with unheated blood tellurite medium, 76
—— —— medium for rapid type differentiation, 145
—— —— *intermedius*, diagnosis of, with differential medium, 32
CROSBIE, A., CZEKALOWSKI, J. W., SCARBOROUGH, H., STEWART, C. P. & THOMPSON, J. C.: Studies on stored blood: I. Results in a series of 427 transfusions. II. Leucocytes in stored blood. III. Oxygen capacity of stored blood. IV. Modifications in the equipment for blood transfusion. V. Observations on the coagulation mechanism in stored blood. VI. Changes in the erythrocytes during storage. VII. Effect of sodium sulphapyridine, albucid soluble and hydrogen ion concentration on phagocytosis. VIII. Effect of transfusion on capillary resistance. IX. Further observations on the effects of storage on erythrocytes. X. Iso-agglutinins and agglutinogens, 94
CROSS, C. D.: *see* KOHN, F., HALL, M. H. & CROSS, C. D., 58
Cruickshank, J. C.: Recent advances in bacteriological methods, 144
Crush syndrome, 3
CZEKALOWSKI, J. W.: Studies on stored blood: XI. Phagocytosis in stored citrated blood and the opsonic power of stored liquid plasma, 95
—— *see* CROSBIE, A., CZEKALOWSKI, J. W. *et al.*, 94

D

DACIE, J. V.: Familial hæmolytic anæmia (acholuric jaundice), with particular reference to changes in fragility produced by splenectomy, 90
—— & FIRTH, D.: Blood transfusion in nocturnal hæmoglobinuria, 89
—— & MOLLISON, P. L.: Survival of normal erythrocytes after transfusion to patients with familial hæmolytic anæmia (acholuric jaundice), 88
DALE, W. M.: Effect of *x*-rays on aqueous solutions of biologically active compounds, 158
Dark adaptation and vitamin A, 168
DAX, E. C. & STONE, D. M.: Immunisation with T.A.B. in outbreak of paratyphoid fever, 29
Deafness, 96
Death, sudden, and "status lymphaticus," 19
Dehydration in infants, effect on renal function, 193
DELLA VIDA, B. L.: Maximal response to liver therapy in pernicious anæmia, 10
—— Sedimentation rate and sedimentin index, 9
Diabetes mellitus, cardiac complications, 175
—— —— in children, war-time supervision, 110
Diamidine compounds, antibacterial action, 58
Diarrhœa, in hospital, ætiology, 72
DIBLE, J. H. & MCMICHAEL, J.: Pathology of arsenotherapy jaundice, 187
—— —— & SHERLOCK, P. U.: Pathology of acute hepatitis: aspiration biopsy studies of epidemic, arsenotherapy and serum jaundice, 187
Diet, in pregnancy, 108
—— influence on cholesterol concentration in blood and bile, 192
—— influence on experimental trinitrotoluene poisoning, 190
—— influence on toxic hepatitis, 190
Differential culture media, 144, 145
—— —— —— for differentiation of *C. diphtheriæ* types, 32, 76
Diphtheria, alleged second attacks of, 25
—— diagnosis, medium for, 32
—— —— with tellurite medium, 144
—— —— with unheated blood tellurite medium, 76
—— immunisation, 25

Diphtheria incidence in allegedly immunised patients, 25
—— influence of social conditions on, 73
—— susceptibility, 25
—— types, medium for rapid differentiation, 145
Disinfectants: Hypochlorites, use in disinfection of air, 30
DOBBIE, J. L.: *see* ELLIS, F., WILSON, C. W. *et al.*, 155
DODD, B. E.: *see* BOORMAN, K. E., DODD, B. E. & MOLLISON, P. L., 8
DONALDSON, R., HARDING, H. G. W. & WRIGHT, G. P.: Standardisation of the Haldane hæmoglobinometer, 93
Ductus venosus, time of closure of, 1
DUNCAN, J. T. & WALKER, J.: *Staphylococcus aureus* in milk of nursing mothers and alimentary canal of their infants, 31
Duodenal ulcer: *see* Peptic ulcer
Dust diseases, industrial, 62
Dysentery, bacillary, Flexner type, prophylaxis and treatment, 71
—— —— Sonne type, as cause of hospital diarrhœa, 72

E

Ear, middle, effect of atmospheric pressure changes on, 60
Ectromelia, infectious, virus of, 66
Education, medical, in Great Britain, 27
EDWARD, D. G. F., ELFORD, W. J. & LAIDLAW, P. P.: Studies on air-borne virus infections: I. Experimental technique and preliminary observations on influenza and infectious ectromelia, 66
—— LUSH, D. & BOURDILLON, R. B.: Studies on air-borne virus infections: II. The killing of virus aerosols by ultra-violet radiation, 67
EDWARDS, A. Tudor: Traumatic hæmothorax, 45
EDWARDS, L. R. L.: Outbreak of epidemic catarrhal jaundice, 178
Electro-encephalograph, in study of psychopaths, 11
Electromyography, clinical application, 142
Electrotherapy, value in peripheral nerve lesions, 141
ELFORD, W. J.: *see* EDWARD, D. G. F., ELFORD, W. J. & LAIDLAW, P. P., 66
ELLIS, F., WILSON, C. W., DOBBIE, J. L., GRIMMETT, L. G. & GREEN, T. A.: Beam direction in radiotherapy: symposium, 155
Emergency Public Health Laboratory Service, 64
EMMENS, C. W.: Endocrine system and hair growth in the rat, 42
Emotional changes in post-traumatic confusional state, 39
Endocrine system and hair growth in the rat, 42
Endocrinology, 41, 42
Endotracheal anæsthesia, laryngoscope for, 111
Enteric infections, 69, 70, 71, 72
—— —— differential diagnosis of, 144, 145, 149, 150
Enteritis associated with *Giardia lamblia*, 22
Epilepsy, following local administration of sulphathiazole to the brain, 55
Eruptions, postvaccinal, 23
Erythroblastosis fœtalis, and blood transfusion, 83, 84
—— —— cause and treatment of, 8
Erythrocytes, destruction, 86, 87
—— fragility in familial hæmolytic anæmia, effect of splenectomy on, 90
—— —— relation to blood *p*H, 91
—— in stored blood, fate of, 94
—— in stored blood, fate after transfusion, 86
—— residual, transfusion of, 83
—— sedimentation rate, and sedimentin index, 9
—— survival, after transfusion to familial hæmolytic anæmics, 88
—— survival rate *in vivo*, 83
Eustachian tube, valvular action, relation to atmospheric pressure changes, 60
EVANS, P.: Hospital diarrhœa, 72
EVANS, R. W.: *see* SMITH, F. & EVANS, R. W., 91
Explosion blast, effect on lungs, 46
Eye, foreign bodies, removal via posterior route, 167
—— hereditary diseases, 160, 162
—— hygiene, 160
—— infection, experimental, chemotherapy of, 164, 165
—— staphylococcal infections, local chemotherapy in, 53

F

FEINSTEIN, B.: *see* WEDDELL, G., FEINSTEIN, B. & PATTLE, R. E., 142
FELIX, A.: Experiences with typing of typhoid bacilli by means of Vi bacteriophage: report to the Medical Research Council, 69
—— & CALLOW, B. R.: Typing of paratyphoid B bacilli by means of Vi bacteriophage: report to the Medical Research Council, 149
Fibrin sutures, for peripheral nerves, 117, 118
FINDLAY, G. M. & MARTIN, N. H.: Jaundice following yellow-fever immunisation: transmission by intranasal instillation, 183
—— *see* MAEGRAITH, B. G., FINDLAY, G. M. & MARTIN, N. H., 87
—— *see* MAEGRAITH, B. G., MARTIN, N. H. & FINDLAY, G. M., 87
FINZI, N. S. & FREUND, F.: Treatment of wounds and inflammation by *x*-rays and radium rays, 47
FIRTH, D.: *see* DACIE, J. V. & FIRTH, D., 89
Flavines as surface antiseptics, present status, 56
Flour, national wheatmeal, digestibility of, 37
—— *see also* Bread
Food value tables, scope and limitations, 100
FORD, J. C.: Infective hepatitis: 300 cases in an outer London borough, 179
FOSS, G. L.: Implantation of sex hormone tablets in man, 41
FRANKLIN, K. J.: *see* BARCLAY, A. E., FRANKLIN, K. J. & PRICHARD, M. M. L., 1
FREUND, F.: *see* FINZI, N. S. & FREUND, F., 47
Fructose test of hepatic efficiency, 189

G

Garrod, L. P.: Recent advances in the antiseptic treatment of wounds, 48
Gas gangrene clostridia, specific identification, 79
—— —— early diagnosis, 80
Gastric ulcer: *see* Peptic ulcer
Gastritis, polypoid, 172
Gastroscopy, evaluation, 171
Giardia lamblia, and enteritis, 22
GILL, A. M.: Evaluation of gastroscopy, 171
Gingivitis in naval personnel, relation to vitamin C and nicotinic acid intakes, 105
—— —— relation to war-time diet, 34
Gingivo-stomatitis, ulcerative, ætiology and treatment, 104
GISSANE, W.: Treatment of the injured workman, 61
GLEES, P.: Structure of connective tissue sheaths of cutaneous nerves, 138
—— *see* WEDDELL, G. & GLEES, P., 135
GLYNN, L. E.: *see* HIMSWORTH, H. P. & GLYNN, L. E., 190
GORDON, M. & HIGGINBOTTOM, C.: Medium showing distinctive green colouration with growths of *C. diphtheriæ intermedius*, 32
GORDON-TAYLOR, G.: Sphincter mechanism of the lower end of the bile duct, 191

GRANT, J.: Diphtheria: recent observations on susceptibility, 25
Grasping reflex, occurrence in post-convulsive stage of electrically induced seizures, 13
GRAY, C. H.: *see* BROWN, H., GRAY, C. H. & MOLLISON, P. L., 196
GREEN, T. A.: *see* ELLIS, F., WILSON, C. W. *et al.*, 155
GRIMMETT, L. G.: *see* ELLIS, F., WILSON, C. W. *et al.*, 155
Guthrie, D.: Medicine and speech, 96
GUTMANN, E.: Factors affecting recovery of motor function after nerve lesions, 129
—— Post-contusional headache, 40
—— & GUTTMANN, L.: Effect of electrotherapy on denervated muscles in rabbits, 141
—— —— Factors affecting recovery of sensory function after nerve lesions, 130
—— —— MEDAWAR, P. B. & YOUNG, J. Z.: Rate of regeneration of nerve, 134
—— & SANDERS, F. K.: Functional recovery following nerve grafts and other types of nerve bridge, 124
—— —— Recovery of fibre numbers and diameters in regeneration of peripheral nerves, 133
—— *see* WEDDELL, G., GUTTMANN, L. & GUTMANN, E., 136
GUTTMANN, L.: Experimental study of nerve suture with various materials, 119
—— & MEDAWAR, P. B.: Chemical inhibition of fibre regeneration and neuroma formation in peripheral nerves, 125
—— *see* GUTMANN, E. & GUTTMANN, L., 130, 141
—— *see* GUTMANN, E., GUTTMANN, L. *et al.*, 134
—— *see* WEDDELL, G., GUTTMANN, L. & GUTMANN, E., 136

H

Hæmagglutination, 83, 84, 85
Hæmatocrit, 92
Hæmatology, 4, 5, 6, 7, 8, 9, 10
Hæmoglobin, estimation of, methods, 92, 93
Hæmoglobinometer, standardisation of, 92, 93
Hæmoglobinometry, methods, 92, 93
Hæmoglobinuria, nocturnal, blood transfusion in, 89
Hæmolysis, 86, 87, 88, 89, 90, 91
—— effect of blood *p*H on, 91
Hæmorrhage, plasma protein concentration after, 6
—— plasma transfusions for, experience in Great Britain, 83
Hæmorrhagic diseases, effect of vitamins on, 103
Hæmothorax, traumatic, 45
Hair growth in rat, effect of endocrines on, 42
HALL, K.: *see* KORENCHEVSKY, V., HALL, K. & CLAPHAM, B., 102
HALL, M. H.: *see* KOHN, F., HALL, M. H. & CROSS, C. D., 58
